

## Streamline with Provider Self-Service

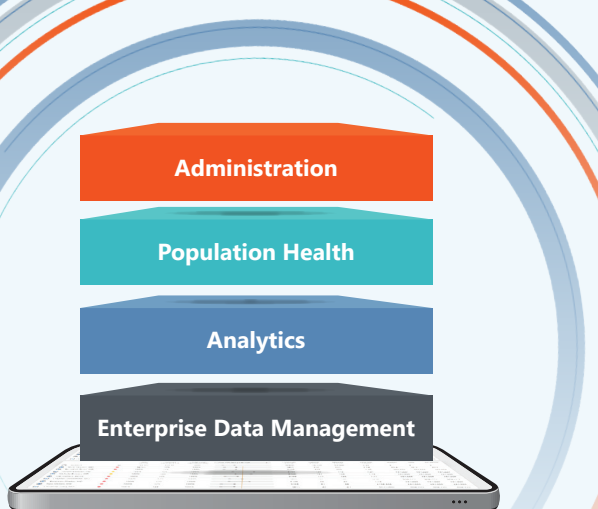

This internet portal facilitates timely, cost-effective sharing of clinical and administrative information between a healthcare organization, network providers, and health plans. With provider self-service inquiries, you can manage your practice's submission of authorizations, claims, and receipt of payments.

### MORE INFO, FASTER RESPONSE, SELF-SERVICE

This internet portal facilitates timely, cost-effective sharing of clinical and administrative information between a healthcare organization, network providers, and health plans. By communicating and performing administrative tasks via EZ-NET, informational flow is expedited, and data accuracy is enhanced. Important information is made accessible real-time via the internet without compromising security, putting critical information where it is needed, in the hands of the providers, while making the patient experience fluid.

## Unified Value-Based Care Platform

Cedar Gate empowers payers, providers, employers and administrative services organizations to excel at value-based care. Our unified technology and services platform delivers timely and actionable analytics, clear business intelligence insights, and administrative solutions that improve care delivery at any point on the value-based care continuum. The result?
