CEDAR GATE EXPANDS VALUE-BASED CARE TECHNOLOGY SUITE WITH
CITRA'S CAPITATION MANAGEMENT SOLUTIONS.

JUNE 25, 2020

GREENWICH, CONNECTICUT – Cedar Gate Technologies (Cedar Gate), a leading value-based care performance management company, today announced its acquisition of Citra Health Solutions (Citra), a leading provider of capitation management software solutions.

By acquiring Citra, Cedar Gate expands its software and services capabilities across the full spectrum of value-based care. By combining Cedar Gate's existing capabilities in riskbased contract performance management, high-performance analytics, bundled payment solutions and advisory services, the acquisition now adds capitation through Citra's market-leading EZ-Suite platform.

"The addition of Citra couldn't come at a better time," said David B. Snow Jr., Chief Executive Officer of Cedar Gate Technologies. "Now, more than ever, health systems are looking for ways to transition away from fee-for-service as value-based care becomes the new standard. Through Citra's long-standing capitation capabilities, we now provide our clients with the ability to design, administer and optimize all risk-based arrangements."
