

PRESS RELEASE

Cedar Gate Technologies Achieves HITRUST Risk-Based, 2-year Certification to Further Mitigate Risk in Third-Party Privacy, Security, and Compliance

AUGUST 18, 2022

GREENWICH, CONNECTICUT – [Cedar Gate Technologies](#) (Cedar Gate), a leading value-based care software and technology services company, today announced that its Analytics, Bundles Adjudication, Care Management, Revenue Cycle Management, and User Management platforms have earned Certified status for information security by HITRUST. HITRUST Risk-based, 2-year (r2) Certified status demonstrates that the organization's value-based care solutions have met key regulations and industry-defined requirements and is appropriately managing risk. This achievement places Cedar Gate in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards, and frameworks, and incorporating a risk-based approach, the HITRUST Assurance Program helps organizations address security and data protection challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

"Cedar Gate is committed to meeting the compliance and privacy requirements of our clients, including the technical and process elements such as NIST and ISO," said Michael Galvin, Chief Operating Officer. "Achieving HITRUST Risk-based, 2-year Certification reinforces that commitment to our clients, demonstrating that Cedar Gate adheres to the highest standards for data protection and information security."

"In today's ever-changing threat landscape, HITRUST is continually innovating to find new and creative approaches to address challenges," said Jeremy Huval, Chief Innovation Officer, HITRUST. "Cedar Gate's HITRUST Risk-based, 2-year Certification is evidence that they are at the forefront of industry best practices for information risk management and compliance."
